

Events of Carleton Community Baptist Church.

Seasons change very quickly here in Michigan, it seems as though we were enjoying summer and all kinds of activities of it. As the summer season ended so did the adult activities but not without a splash of fun.

Then from fun in the sun, we had the honor of observing public servants day by inviting some distinguished members of our community to spend the morning with us in worship. Joining us was The President of the Village of Carleton, the Director of Carleton Community Public Library, and Deputy Sheriff from Wayne County.

As holiday times approached us, we all had time to spend with our families and the families at Carleton Community Baptist Church is very blessed to be spending this holiday season with the Sturgeon's. The Sturgeons are missionaries working in the field in Bolivia. They are currently at home on furlough and are sharing with all of us their work, joys, and blessings.
