

King's Kids and Teen Church

Wednesday evenings @6:30 pm

Kings kids

The King's Kid is another program that meets the needs of 1st through 5th grade boys and girls.

Our King's Kids program format is balanced between Bible memory, preaching, and game time. King's Kids meet every Wednesday night at 6:30 pm. During this time, we focus on changing lives through memorizing God's powerful Word and leading the children to the Lord.

Young Ambassadors & Ambassadors

At Jacksonville Baptist Temple, we recognize the importance of inspiring the next generation for Jesus Christ. We view this as both a privilege and responsibility to reach youth with the Gospel and count it a joy to train them to serve God.

Vision Statement

It is the goal of our teen ministries to help families develop a spiritual foundation that equips each youth to honor God with their decisions and choices.

Our vision for the youth ministry is to develop a community of young people who are experiencing the joy of a relationship with God, who recognize God's purpose for their lives, and who seek to know God more. We desire our youth to make Christ known to others while simultaneously building healthy friendships and experiencing meaningful fellowship.

In general, we desire our youth ministries to enhance what parents should be doing at home, but not entirely replace it. For those who are without this type of support we seek to mentor them so that they are not left behind in this opportunity to live for God fully.
