

Lighthouse Baptist Church

Huntsville, Alabama

Pastor Burt & Tonya Parker

2010 - 2014

Lighthouse Baptist Church began as a result of Jacksonville Baptist Temple's commitment to world evangelization and the Lord's calling and moving upon the heart of Pastor Burt Parker to return to his home state to start an Independent Baptist Church. On August 2, 2010, Pastor Parker and his family moved to Huntsville, AL to start Lighthouse Baptist Church. The first service was held on December 5th and there were 10 in attendance. The church met in Pastor Parker's home until the Lord opened a door for a more suitable place to meet.

On March 6, 2011, the services were moved to a preschool. The Lord blessed during this time. There were added van routes and separate Sunday school classes for the kids and adults. For the next six months the church continued to grow and it became obvious that the church needed a more adequate space.

On September 18, 2012, church services were moved to its current location, on highway 53, in Harvest, Alabama. Since moving, souls have been saved, baptized, and families have been added to the church. In 2012, LBC started a Christian school. Since the church started, it has given over \$24,000 to missions and currently supports 6 missionaries.
