

Dear Church,

What a wonderful series that we have been preaching on in learning about our "Journey of Faith." I do not know about you, but I am encouraged as I read scripture and learn that I too can be successful in my Journey of Faith.

Now we are about to turn the page and take another journey of "Loving Life at Home." This is a very important series of messages and events that I do not want you to miss. We will begin the journey on Mother's Day, May 9, 2010, and complete our journey on July 1, 2010, as we finish Vacation Bible School. This journey is eight weeks that I believe can be life changing in our church and in the families of our church if we will allow God to work in our lives. I am going to ask that you make every effort to attend every event during these eight weeks. I know that this is a huge commitment, but the Lord has really impressed this on my heart; and I feel we all need to take advantage.

In this brochure I would like to outline for you the weeks events as well as the sermons that I will be preaching. The reason for this is so that you can plan and prepare to be a part of this wonderful time. I believe this will draw us closer as a church family and with our own personal families.

If you have any questions, please do not hesitate to ask me. You can also keep up with updates on our website at [www.15milebc.com](http://www.15milebc.com).

Serving Him Together,

*Pastor Terry*

## Help Needed!!

In order to make Vacation Bible School a success, we are going to need many volunteers to help. We are going to need teachers, assistants, craft teachers, and game time leaders. If you are able to help out during the week, please let Pastor Terry know. We will schedule an organization meeting as we get closer to VBS. I know this is a big commitment, but imagine the impact we can have in each child's life. Thank you in advance for your help and sacrifice!!

## Spread the Word!!

With so many exciting events coming up at our church, let's make every effort to spread the word and let others know about them. You can always go to our website at [www.15milebc.com](http://www.15milebc.com) and receive updates, as well as our weekly bulletins. We are also going to make flyers that we can hand out, but the most effective method of spreading the word is word of mouth. You never know what can happen!!
