Summer 2010

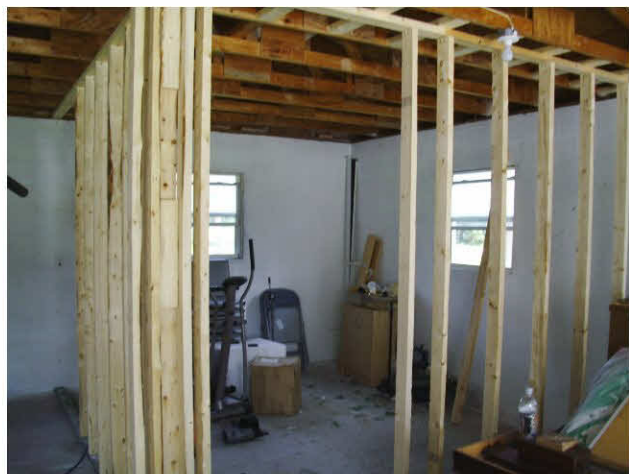

Summer Growth

We thank the Lord for bringing new families & individuals to our church this summer. Our prayer has been to reach 10 families this year. Many of our people got behind the 10 family drive and invited family and friends to visit! We are glad to see the excitement of our people.

Youth Ministry

Since our move to our new property, we have seen the need to improve our outreach to young people. We have started framing our new Youth Center this month! We need to raise about another \$1,000 to complete the build out. Please pray that God would provide. This will give us 2 office size rooms and a larger sitting area to use for Sunday School.

Road Project Update

We thankful for those who sacrificially gave to this project! We consider it a complete success. We raised \$3500 and were able to widen the road by laying base rock road material. In the most important area we were able to provide a whole second lane, so traffic could flow in and out.
