Patience

Brethren and Friends,

God is giving us a very soft and easy lesson on patience. That all things in this life are according to His time not ours. We get a little "anxious" now and then on the sale of our house and other aspects of deputation but the Lord is has been so gentle to us in reminding to wait upon Him.

I was able to witness to the co-worker I mentioned last month. I shared the gospel and I was so very thankful he responded that he was saved and gave his profession of faith. Please pray for two other co-workers of mine that said they would meet me to talk of the gospel, these men are not saved. Pray that the Lord will open the door to these men.

The new split shift has been working much better. I have been able to contact Pastors during my split shift and am very thankful for this. I experienced a busy time at work and had to work a straight shift for a while but am so thankful for God allowance for me to have a job during these financially difficult times.

God has allowed me again to preach in my home church. Please pray for the service and all those who I've invited to come hear His word.

Again pray for the sale of our house. God has allowed it to show more and we are waiting for His perfect timing.

We are thankful for your prayers and look forward to being your church planters to Boise, Idaho.

Thank you and God bless you,

Bro. Doyce Walton
