Giving Thanks

Dear Brethren and Friends,

I hope that all finds you well and that you had a blessed thanksgiving. We had a wonderful holiday, God gifted us with a great time as a family. We are adjusting very well to the rental house, God has so provided at every step. Saying that, it will not feel like home until we reach Boise.

God has allowed me to finish our deputation video. If you would like to see a shortened version of it, just go to our website, www.proclaim2boise.com, and look for the Audio/Video selection in the About tab. It's been quite the learning experience with new-to-me technologies and tools but I'm so very thankful of the availability of it all.

Things have been rather hectic the last few weeks but this busy time has passed and I hope to schedule many more meetings and present the ministry God has called us to in Boise. Sandi and I are ready to make the move to Boise, but it is all in the Lord's timing. While there are no fundamental unaffiliated Baptist churches in the city of Boise, the Mormon church is planning to TRIPLE their number of missionaries there.

Here is the link to the article <http://boisestatepublicradio.org/post/why-mormon-church-sending-so-many-missionaries-idaho>.

With over 250,000 people and no independent Baptist churches. I ask you to share this need with the other pastors you know so the Lord will use His people to cover the area with Bible Believing/Bible Preaching Churches.

We are thankful for your prayers and look forward to being your church planters to Boise, Idaho.

Thank you and God bless you,

Bro. Doyce Walton
