My Personal Message to you

Dear Friends:

Special Request

Will you pray for the Scripture Project? As you read and pray over this request and the details given in the following pages, some ask why spend so much on getting scriptures to Venezuela and Colombia. Dr. J. Royce Thomason recorded a shocking illustration (see pgs. 4-5) regarding the dissemination of Scripture in his Revelation Study in 1971. Please read with care and consider your part in this mission of giving God's Word.

It is one of our greatest joys to be a part of printing and distributing God's Holy Word. Under the surveillance and watchful eye of the communist leader China has halted Christians from ordering Bibles online. In Venezuela they struggle to get toilet paper. Printing material is scarce to none. The devil does not want people to have Scripture. Please pray with us as God's Word travels to needy hearts. This is a great project before us.

For Christ and souls,

Ronnie L. Williamson

Bibles or Bu

In the Caribbean Sea is a small French island called Martinique. It was the birthplace of Napoleon's empress, Josephine. Its highest peak is Mt. Pelee, some 4,428 feet high. The island was 100% Catholic in the early 1900s. In March of 1902, Rev. George R. Penny, a Protestant missionary, went to Martinique to give out Bibles and preach. The priest stirred up the people against him and drove the man of God from the island within four days after his arrival.

The following day was "Good Friday," and the priest ordered all the Bibles brought to the public square of St. Pierre and burned. Drinking was widespread and at the height of their Bible burning spree, they crucified a pig, tied one Bible to its tail and carried the thing through the streets of St. Pierre, saying, "This is what we think of your Protestant Bible, and your heretic religion."

This took place on March 28, 1902. On April 2, sulphur fumes began rolling out of Mt. Pelee. A few days later, cinders began to fall and underground shocks were felt. Eruptions of various kinds kept appearing daily. Then, on May 9, at 7:52 a.m., the whole mountain burst open and millions of tons of hot lava rushed down Pelee's peak. In a few minutes, all of the town of St. Pierre (population

30,000) was gone. The February 1959 National Geographic magazine shows photos of the ruins. Only one man lived to tell the tale within the city itself. He was Auguste Sylbanis, a murderer confined in St. Pierre's jail. God seemed to show He loved the murderer more than the religious, Bible-hating, Christian-persecuting inhabitants of St. Pierre. Ships in the harbor went up in flames. One ship anchored eight miles out in the harbor hoisted anchor and started to escape. However, the heat was so fierce even at that distance that every member of the ship's crew was severely burned or killed. The scorched vessel, with its dead and wounded, arrived at the island of Dominica later and the captain said to the first man coming on board as a rescue crew, "We came from hell."

No doubt such instances will be commonplace in the harbors of Babylon. *-Excerpt from **The Book of Revelation** by Dr. J. Royce Thomason*

IS GOD'S WORK IN YOUR WILL?

"One of the most important documents a man ever signs is his Will. I can tell better what a man had in his heart by reading his Will than I can by reading his obituary. His obituary tells the world what his friends thought of him; his Will reveals what he had in his heart." - A. M. Vollmer

For as (a man) thinketh in his heart, so is he - Proverbs 23:7.

Out of (the heart) are the issues of life - Proverbs 4:23.
