DOUBTS - AND HOW TO DISPEL THEM

by

Dr. Andy Tully, Evangelist

SALVATION PLAIN & SIMPLE, is a collection of ten sermons on the subject of New Testament Salvation, preached all over America in the last fifty plus years by Dr. Andy Tully, Evangelist. These messages have been edited for print, but for the mostpart are word-for-word as preached in pulpits across America as well as in the Philippine Islands and Germany.

This brief work is not meant to be an educational tool or an instrument of academic enlightenment.; this will become apparent soon as you begin reading. Nor is it intended to be a theological treatise. It is meant to be a blessing to the strong, a source of encouragement to the weak, and a beacon to the unsaved. Please read it with this in mind. Many of the author's books have been used in colleges, Bible institutes, and local Churches – and even in prisons – to guide, help, and encourage. It is our prayer that this one will be used to bring many to Christ as well as to strengthen the saints.

Simplicity is the key; clarity is the tool; the Bible is the basis; and the Holy Spirit is the Convincer. May He use the messages in these pages to bring sinners to the Saviour and sincere saints to a greater level of fruitfulness in Christian service and godly living.

All Scriptures, as in all of Dr. Tully's writings, are from the English Bible, the King James Bible; and all emphases in quoting Scripture (capitals, italics, underlining, bold type, etc.) are placed there by the author for emphasis.
