GREENS² THE UK

Matt, Amanda, Parker, & Hudson

...fellow helpers to the Truth? (3 John 8)

Though our intention has been to plant churches in the UK, we are growing increasingly aware of several "chapels" that will soon be closing their doors without being re-planted. Some have approached us about church rescue work.

Please pray with us as we have some meetings about this in the upcoming weeks!

Christmas is upon us again! This Christmas we hope you find love, joy, and comfort with family and friends. Yet, more than anything, we hope that you take time to worship the God who became flesh, and lived and died in our place. Have a very Merry Christmas!

God at Work

At the end of November, I was able to preach four sermons at a weekend youth event in the beautiful Lake District of England. 22 young people made the trip. Throughout the weekend, it was evident that God was at work. By the end of the weekend, two teenage boys (Joe and Tim) had professed faith in Christ and many others had rededicated their lives to the Lord. To God be the glory!

The Testimony of Amanda Parker (Green) - Missionary to the United Kingdom

I am thankful that the Lord allowed me to be raised in a Christian home. At a young age, I was taught the importance of knowing the Lord personally and was greatly influenced by sincere Christians around me. At the age of 7, I came to the realization that it wasn't my parent's salvation that would save me, but that I was guilty of sin and could only be pardoned because of the substitution of Christ. Growing up in the Christian school and church, I was taught from the Word of God that I needed to seek the Lord daily in my life. In my teenage years, I completely surrendered my life to the Lord. Since then, I have graduated from Crown College of the Bible and have married a wonderful and godly man! I, with my family, am serving to glorify the Lord in the country of England. I am truly blessed and am thankful that the Lord, Who is so gracious and merciful, has allowed me to be called His child.
